Favorite quote:

“Success is not in never falling but in getting up every time you do.” - Vince Lombardi

Betsy Ryan, Gary Carter & Michael D'Agnes

“[Gary Carter] wrote and published more than 140 monthly newspaper ‘advertorials’ that presented hospitals’ perspective to the public on such varied issues as the importance of being a blood donor to explaining the intricacies of hospital billing. Such is the influence of these columns, that in some cases, state and federal legislators, even the governor, have called to ask that certain issues be spotlighted.”

Gary Carter on the importance of exceptional leadership in the enhancement of patient care and medical practice:

There's no denying the wisdom of that old adage from Helen Keller: "Alone we can do so little; together we can do so much."

GARY & SUSAN CARTER

THE CARTER FAMILY

“He retired from NJHA in July 2008, leaving the Hospital Association as a respected and formidable advocate for the state’s hospitals and their patients.”
