

Marjorie C. Brandriss, PhD

Outstanding Medical
Educator Award

Favorite Quote:

“Never doubt that a small group of thoughtful, committed citizens can change the world; indeed, it’s the only thing that ever does.”

~Margaret Mead

New Jersey Medical School celebration for faculty completing 25 years of service

*"I am happy to have lived long enough
to see Marjie recognized for her
dedication to her work."*

~Pearl Kristol
(Dr. Brandriss' Mother-in-Law)

“Dr. Brandriss is an innovative and dedicated medical educator whose many contributions have had a major positive impact on undergraduate medical education at New Jersey Medical School. She serves as a **role model** for other course directors.”

~Carol S. Newlon, PhD

Comments from medical students:

“This is the most thought out and organized course I could have ever imagined in med school.”

“Dr. Brandriss is really invested in our success.”

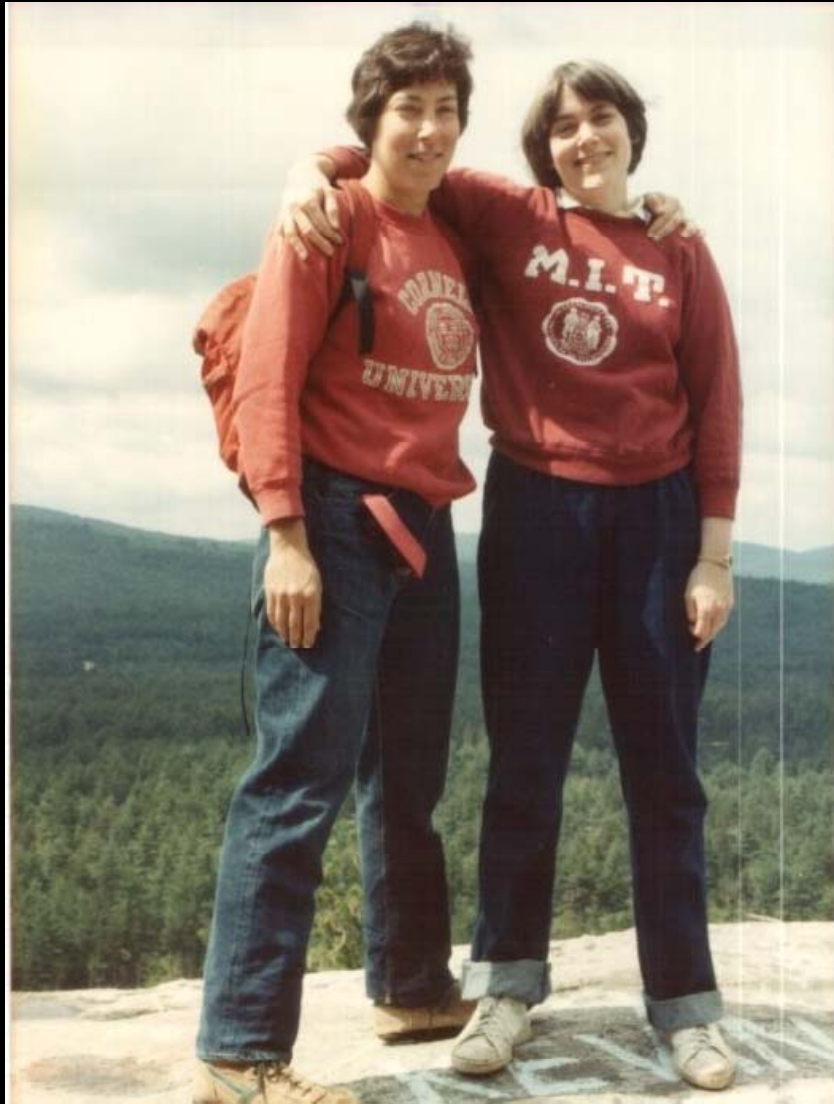

“Dr. Brandriss should give a seminar to every other course director in the school on how to organize a course.”

“Dr. Brandriss ran this course brilliantly. It is my fervent hope that her course becomes THE template for how all of our courses should be framed and run.”

Dr. Brandriss' Greatest Challenge

“To create a single course from separate immunology and microbiology courses that had been taught by two different departments. I learned how important tact and patience were in persuading faculty to make change.”
